QUALITÄT IN JEDEM RAD

Brock Alloy Wheels Leichtmetallräder zeichnen sich durch eine einzigartige Optik aus. Modernste Software ermöglicht bereits in der Planungsphase die Gestaltung von mathematisch und topologisch optimaler Geometrien. So wird jedes für die Festigkeit irrelevante Gramm Material gespart, um einerseits natürliche Ressourcen wie Aluminium oder Kraftstoffe zu schonen und andererseits ein hervorragendes Fahrgefühl zu gewährleisten.

Aluminiumfelgen von Brock und RC-Design beeindrucken mit hervorragender Stabilität. Sie gewährleisten höchste Sicherheit als auch überdurchschnittliche Lebensdauern. Zertifizierte Managementsysteme in Qualität, Umwelt und Energie finden bei uns Anwendung. Diese unterstützen uns bei der kontinuierlichen Verbesserung neuer Produktgenerationen, wie der Brock B41 und RC-Design RC34.

QUALITY IN EVERY WHEEL

Alloy wheels from Brock distinguish by their superior optics. Modern software allows the design of mathematical and topologically perfect geometries already in the planning phase. So every single, for the strength irrelevant gram, is saved to protect natural resources such as aluminum or fuels on the one hand, while ensuring an outstanding driving experience on the other hand.

Aluminium wheels from Brock and RC-Design impress with excellent stability. They guarantee highest safety as well as above-average long lifetimes. Certified management systems in quality, environment and energy help us to continually improve new product generations such as the Brock B41 and RC-Design RC34.

EFFIZIENZ SCHÜTZT DIE UMWELT

Der Schutz der Umwelt und die ständige Verbesserung der energetischen Effizienz stellen für Brock Alloy Wheels wichtige unternehmerische Ziele dar. Durch ein geeignetes Managementsystem stellen wir sicher, dass die Aufgaben in allen betrieblichen Funktionen und Ebenen umgesetzt werden. Eine wichtige Führungsaufgabe ist die Steigerung der Energieeffizienz wodurch die Umweltbelastungen reduziert werden. Darauf sind auch Beschaffung und Auslegung neuer Betriebsmittel ausgerichtet, denn bereits bei der Konzeption neuer Produkte und Verfahren beachten wir ihre Umweltverträglichkeit, den sparsamen Umgang mit den eingesetzten Ressourcen und die Vermeidung / Verminderung von Abfällen / Emissionen. Durch geeignete Kontrollmaßnahmen sichern wir die Einhaltung aller gesetzlichen Vorgaben und realisieren kontinuierliche Verbesserungen

EFFICIENCY PROTECTS THE ENVIRONMENT

Protecting the environment and constantly improving energy efficiency are important business goals for our company. A suitable management system ensures that the tasks are implemented in all operational functions and levels. An important management task is to increase energy efficiency, thereby reducing environmental pollution. Procurement and the design of new equipment are also geared to this, as we already consider the environmental compatibility, the economical use of resources and the avoidance / reduction of waste / emissions when designing new products and processes. Through appropriate control measures, we ensure compliance with all legal requirements and make continuous improvements.

Brock und RC-Design Leichtmetallfelgen werden vom ersten Aluminium Stück bis zum letzten Fertigungsschritt zu einhundert Prozent in Europa gefertigt. Unsere zentrale und hochmoderne Produktionsstätte gewährleistet dabei eine herausragende Qualität. Dies bestätigen unsere dauerhaft aktuellen Zertifizierungen nach IATF 16949:2016 / ISO 9001:2015 / ISO 14001 / ISO 27001

Brock and RC-Design Alloy wheels are manufactured from the first aluminum piece, up to the last manufacturing step to one hundred percent in Europe. Our central and highly modern production facility ensures a superior quality. This is confirmed by our permanently current certifications IATF 16949: 2016 / ISO 9001: 2015 / ISO 14001 / ISO 27001

RDKS UND BROCK PASST ZUSAMMEN!

Sämtliche auf dem Markt kommende Sensoren, werden in unserer innovativen Konstruktionsabteilung dauerhaft auf die Verbaubarkeit zu sämtlichen Raddesigns geprüft und freigegeben.

Mehr dazu auf unserer Website und in unserem Konfigurator.

TPMS AND BROCK SIMPLY FITS!

Several Sensors which are coming on the market will be tested in our innovative construction department if they fit in all of our wheel designs. Find more informations on our Website or in our Configurator.

QUALITÄTSVERSPRECHEN

Alle Räder sind Qualitätsprodukte und zu „100% Made in Europe!“

TÜV zertifizierte ABE / ECE Gutachten für jedes Radprojekt.

100% Radprüfung zur Installation von RDK-Sensoren.

Beste Korrosionsbeständigkeit durch innovative Beschichtungsverfahren.

Alle einfarbigen Räder sind zu 100% wintertauglich.

Endprüfung vor Versand mit 100% Unwuchtprüfung, 100% Dichtigkeitsprüfung, 100% Röntgenkontrolle

5 Jahre Garantie auf einfarbig lackierte Räder, sowie 3 Jahre auf polierte Räder.

Hohes Umweltbewusstsein durch energiesparende Produktionsprozesse,
sowie moderne Solarstrom- und Wasseraufbereitungsanlagen.

PROMISE OF QUALITY

All wheels are quality products and „100% Made in Europe!“

TÜV approved ABE / ECE certificates for every wheel project.

100% wheel test for the installation of TPM sensors.

Best corrosion resistance through innovative coating processes.

All solid-coloured wheels are 100% winter-proof.

Final inspection before shipment with 100% unbalance test, 100% leak test, 100% X-ray inspection.

5 years warranty on solid color wheels, and 3 years warranty on polished wheels.

High environmental awareness through energy-saving production processes
and modern solar power and water treatment plants.

*Für Räder in SLC-Beschichtung, Sonderlackierung KSB, SGR sowie polierte Räder (SGVP, SMVP, HGVP, KSB, FGVP, DSVP, KSVP, TMVP, CSSHP, SGHP, BCVP) besteht eine gesetzliche Gewährleistung von 3 Jahren ab Auslieferung. Für Leichtmetallfelgen in den Lackierungen KS, CS, CSS, CSS1, CSSN, TM, HG, DS, FG, HGM, FGM, SM, SKM, SBM, HS, SG, SCS, BCM gewähren wir zusätzlich Garantieleistungen von bis zu 5 Jahren ab Auslieferung. Weitere Informationen entnehmen Sie bitte unseren AGB.

*There is an implied warranty of 3 years from delivery for wheels in SLC-coating, special paint KSB, SGR and polished wheels (SGVP, SMVP, HGVP, KSB, FGVP, DSVP, KSVP, TMVP, CSSHP, SGHP, BCVP). For alloy wheels in the finishes KS, CS, CSS, CSS1, CSSN, TM, HG, DS, FG, HGM, FGM, SM, SKM, SBM, HS, SG, SCS, BCM we also provide warranty of up to 5 years after delivery. Please refer to our terms and conditions for more information.
