ABOUT ETG

Euro Tires Group (ETG) is an international partner in the field of retread tires and aluminum rims, present on many European markets.

Thanks to many years of experience and acquired knowledge, we provide you with the highest quality products.

Our offer includes retreaded tires for passenger cars, vans and trucks, as well as aluminum rims.

We offer the longest guarantees on the market, competitive prices, fast deliveries and full range of consulting.

In this catalog you will find:

- the latest patterns of summer, winter and all-season treads for passenger cars
- the latest designs of summer and all-season treads for SUVs
- the latest patterns of summer, winter and all-season treads for vans
- the offer of the leading manufacturers of aluminum rims
- the latest tread patterns for trucks

LONG HAUL

REGIONAL

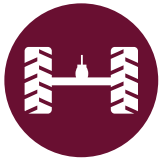

ON-OFF
THE ROAD

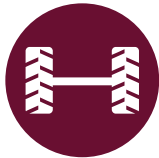

SPECIAL

POSITION

DRIVE

TRAILER

ALL POSITION

TIRE TYPE

SUPER SINGLE

NEW

New tread designs or sizes.

MUD&SNOW

Tires with a Mud & Snow (M+S) mark on the sidewall, feature a tread pattern designed to be used specially during winter season because they provide superior traction in cold climates, where mud, rain and snow conditions are a factor.

DIRECTIONAL
ROTATION

Designs with direction rotation.

3PMSF

Certified tread designs that meet winter performance requirements and have successfully passed approval tests established by ECE - 109 R Annex 10 of the European Union Regulation.

WING

Wing treads.

SMARTWAY

Tread designs that are SmartWay verified and certified by the US Environmental Protection Agency (EPA) to provide low rolling resistance and fuel savings, which helps decrease the effects of green house gas emissions.
